

JOB INTERVIEW SIMULATOR

TRAIN TO THE TECHNIQUES OF THE JOB INTERVIEW

"Employ Store" is a website created by Pôle Emploi (French national job center), which offers services and training courses on digital supports (web and mobile).

GOAL

Create Serious Games modules to simulate interviews on the "Employ Store" for job applicants. Give them the chance to practice so they can address this crucial stage with confidence.

TARGETS

All job applicants and job seekers

FORMATS

OUR PARTNER

AVAILABLE ONLINE

OUR SOLUTION

A **job interview simulator**, covering five careers: sales representative, assistant manager, freight delivery driver, accountant and handling agent.

- a customised experience (320 possible experiences in each module)
- Realistic situations
- Beautiful, lively settings
- A detailed assessment at the end of the process
- A realisation extensible to more careers

RESULTS

- An extension to Virtual Reality
- An average **4 star** score on Employ Store :
 - "Very well made, with an array of realistic answers".
 - "Very interesting and well designed".

WHAT OUR CLIENT SAYS

"I thought the first module was extremely promising. (...) The team is reliable, constantly available, and knows how to build a pleasant work atmosphere!"
